

Stimulants and Ketamine Workshop

Who is the session for?

The session is designed for those working in specialist drug and alcohol services within the voluntary and statutory sectors and other professionals dealing directly with stimulant and ketamine users.

Session objectives:

By the end of the session participants will be able to:

- Identify a variety of stimulants and their properties and distinguish these from ketamine
- Understand cultural aspects of stimulant use
- Understand the psychopharmacology of stimulants and the health implications of their use
- Respond to stimulant and ketamine use more confidently
